- (1) The Authorities may acquire compulsorily so much of the land shown on the deposited plan and described in the deposited book of reference as may be required for the purposes of, or in connection with, the works or obtaining access to the works or otherwise for the purposes of the Tamar Bridge Acts.
- (2) Part I of the Act of 1965 (except section 4 and paragraph 3(3) of Schedule 3), in so far as it is not inconsistent with the provisions of this Act, shall apply to the acquisition of land under this section—
 - (a) as it applies to a compulsory purchase to which Part II of the Act of 1981 applies; and
 - (b) as if this Act were a compulsory purchase order under that Act.
- (3) A notice to treat under Part I of the Act of 1965 for the purpose of acquiring land under this section shall not be served after the end of the period of five years beginning with the day on which this Act is passed.
- (4) The Lands Clauses Consolidation Act 1845 shall not apply to the acquisition of land under this section.

5 Acquisition of rights

- (1) The Authorities may under section 4 (Acquisition and occupation of lands) of this Act compulsorily acquire rights in, over or under land by creating them as well as by acquiring rights already in existence.
- (2) The Act of 1965, as applied by this Act, shall have effect with the modifications necessary to make it apply to the compulsory purchase of new rights by virtue of subsection (1) above as it applies to the compulsory purchase of lands so that, in appropriate contexts, references in the Act of 1965 to land are read as referring, or as including references to the new rights or to land over which the new rights are, or are to be, exercisable, according to the requirements of the particular context.
- (3) Without prejudice to the generality of subsection (2) above, in relation to the purchase of new rights by virtue of subsection (1) above—
 - (a) Part I of the Act of 1965 shall have effect with the modifications specified in the Schedule to this Act; and
 - (b) the enactments relating to compensation for the compulsory purchase of land shall apply with the necessary modifications as they apply to such compensation.
- (4) In this Part of this Act “new rights” in relation to any land means easements or other rights in, over or under such land, which are to be created in favour of the Authorities.

6 Purchase of part of certain properties

- (1) Where a copy of this section is endorsed on, or annexed to, a notice to treat served under the Act of 1965, as applied by this Act, the following provisions of this section shall apply to the land subject to the notice instead of section 8(1) of that Act.

Status: This is the original version (as it was originally enacted). This item of legislation is currently only available in its original format.

- (2) Where the land subject to the notice is part only of a house, building or factory, or part only of land consisting of a house, together with any park or garden belonging thereto, then if the person on whom the notice is served, within 21 days after the day on which the notice is served on him serves on the Authorities a counter-notice objecting to the sale of the part and stating that he is willing and able to sell the whole (hereafter in this section referred to as “the land subject to the counter-notice”), the question whether he shall be required to sell the part shall, unless the Authorities agree to take the land subject to the counter-notice, be referred to the tribunal.
- (3) If the said person does not serve such a counter-notice as aforesaid within 21 days after the day on which the notice to treat is served on him, or if on such a reference to the tribunal the tribunal determine that the part subject to the notice to treat can be taken without material detriment to the remainder of the land subject to the counter-notice or, in the case of part of land consisting of a house, together with a park or garden belonging thereto, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house, the said person shall be required to sell the part.
- (4) If on such a reference to the tribunal the tribunal determine that part only of the land subject to the notice to treat can be taken without material detriment to the remainder of the land subject to the counter-notice or, as the case may be, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house, the notice to treat shall be deemed to be a notice to treat for that part.
- (5) If on such a reference to the tribunal the tribunal determine that the land subject to the notice to treat cannot be taken without material detriment to the remainder of the land subject to the counter-notice but that the material detriment is confined to a part of the land subject to the counter-notice, the notice to treat shall be deemed to be a notice to treat for the land to which the material detriment is confined in addition to the land already subject to the notice, whether or not the additional land is land which the Authorities are authorised to purchase compulsorily under this Act.
- (6) If the Authorities agree to take the land subject to the counter-notice, or if the tribunal determine that—
 - (a) none of the land subject to the notice to treat can be taken without material detriment to the remainder of the land subject to the counter-notice or, as the case may be, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house; and
 - (b) the material detriment is not confined to a part of the land subject to the counter-notice; the notice to treat shall be deemed to be a notice to treat for the land subject to the counter-notice, whether or not the whole of the land is land which the Authorities are authorised to purchase compulsorily under this Act.
- (7) In any case where, by virtue of a determination by the tribunal under subsection (4), (5) or (6) above, a notice to treat is deemed to be a notice to treat for part of the land specified in the notice or for more land than is specified in the notice, the Authorities may, within six weeks after the tribunal make their determination withdraw the notice to treat, and if they do so shall pay to the said person compensation for any loss or expense occasioned to him by the giving and withdrawal of the notice, to be determined in default of agreement by the tribunal.

- (9) Blasting operations in connection with the works shall not be carried out except at such times and in such manner as the engineer may approve, which approval shall not be unreasonably withheld:
- (10) (a) The relevant works shall, when commenced, be constructed—

 - and, if any damage to railway property or any such interference or obstruction is caused or takes place in consequence of the construction of the relevant works, the Authorities shall, notwithstanding any such approval as aforesaid, make good such damage and shall pay to Railtrack PLC all reasonable expenses to which Railtrack may be put and compensation for any loss which Railtrack may sustain by reason of any such damage, interference or obstruction;

- (b) The engineer shall, in respect of the capitalised sums referred to in this paragraph and paragraph (14) (a) below, provide such details of the formula by which those sums have been calculated as the Authorities may reasonably require;

- (14) The Authorities shall repay to Railtrack PLC all reasonable fees, costs, charges and expenses reasonably incurred by Railtrack—

- (16) All temporary structures, erections, works, apparatus and appliances erected or placed by the Authorities under the powers of this Act or the Act of 1957 upon, over or under any railway of Railtrack shall, as soon as reasonably practicable, be removed by the Authorities at times to be agreed with, and to the reasonable satisfaction of, the engineer and in such a way as to cause as little damage to railway property and as little interference with or delay or interruption to, the traffic on the railways of Railtrack as may be; and if any damage to railway property or such interference, delay or interruption is caused by any such failure to remove any such temporary structures, erections, works, apparatus or appliances, the Authorities shall forthwith make good such damage and pay to Railtrack PLC the reasonable costs and expenses to which Railtrack may be put and reasonable compensation for any loss which Railtrack may sustain by reason of such damage, interference, delay and interruption:

37 For protection of tele-communications operators

For the protection of telecommunications operators the following provisions shall, unless otherwise agreed in writing between the Authorities and the telecommunications operator concerned, have effect:—

- (1) In this section unless the contrary intention appears expressions defined in the Telecommunications Act 1984 have the same meanings as in that Act and—
 - “apparatus” has the same meaning as in Part III of the Act of 1991; and
 - “relocation works” means works executed, or apparatus provided, under paragraph (5) below:
- (2) The temporary stopping up or diversion of any street under section 24 (Temporary interference with highways) of this Act shall not affect any right of a telecommunications operator under paragraph 9 of the telecommunications code (contained in Schedule 2 to the Telecommunications Act 1984) to inspect, maintain, adjust, repair or alter any apparatus which, at the time of the stopping up or diversion, is in that street:
- (3) Where a street is stopped up or diverted under section 20 (Supplementary works powers) of this Act any telecommunications operator whose apparatus is under, in, upon, over, along or across the street shall have the same powers and rights in respect of that apparatus, subject to the provisions of this section, as if this Act had not been passed:
- (4) The Authorities shall give not less than 28 days' notice in writing of their intention to stop up or divert any street under section 20 (Supplementary works powers) of this Act to any telecommunications operator whose apparatus is under, in, upon, over, along or across the street:
- (5) Where a notice under paragraph (4) above has been given, the telecommunications operator may, and if reasonably requested so to do by the Authorities in the notice, shall, as soon as reasonably practicable from the service of the notice—
 - (a) remove the apparatus and place it or other apparatus provided in substitution for it in such other position as the telecommunications operator may reasonably determine and have power to place it; or
 - (b) provide other apparatus in substitution for the existing apparatus and place it in such position as aforesaid:
- (6) Subject to the following provisions of this section, the Authorities shall pay to any telecommunications operator an amount equal to the cost reasonably incurred by the telecommunications operator in or in connection with—

Status: This is the original version (as it was originally enacted). This item of legislation is currently only available in its original format.

- (b) the doing of any other work or thing rendered necessary by the execution of relocation works:
- (7) If in the course of the execution of relocation works under paragraph (5) above—
- (a) apparatus of better type, or greater capacity or of greater dimensions is placed in substitution for existing apparatus of worse type, or smaller capacity or of smaller dimensions, except where this has been solely due to using the nearest currently available type, capacity or dimension; or
 - (b) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which the existing apparatus was;
- and the placing of apparatus of that type or capacity or of those dimensions or the placing of apparatus at that depth, as the case may be, is not agreed by the Authorities, or, in default of agreement, is not determined by arbitration to be necessary, then, if it involves cost in the execution of the relocation works exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which apart from this section would be payable to the telecommunications operator by virtue of paragraph (6) above shall be reduced by the amount of that excess:
- (8) For the purposes of paragraph (7) above—
- (a) an extension of apparatus to a length greater than the length of existing apparatus shall not be treated as placing of apparatus of greater dimensions than those of the existing apparatus; and
 - (b) where the provision of a joint in a cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole shall be treated as if it also had been agreed or had been so determined:
- (9) An amount which apart from this paragraph would be payable to a telecommunications operator in respect of works by virtue of paragraph (6) above (and having regard, where relevant, to paragraph (7) above) shall, if the works include the placing of apparatus provided in substitution for apparatus placed more than 7½ years earlier so as to confer on the telecommunications operator any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, be reduced by the amount which represents that benefit as calculated in accordance with the Code of Practice entitled “Measures Necessary Where Apparatus is Affected by Major Works (Diversionary Works)” and dated June 1992, and approved by the Secretary of State on 30th June 1992 as revised and reissued from time to time:
- (10) Paragraphs (6) to (9) above shall not apply where—
- (a) the works constitute major bridge works for the purposes of Part III of the Act of 1991; or
 - (b) the works would if executed by the highway authority be major highway works within the definition of that Act;
- but instead—
- (i) the allowable costs of the relocation works shall be determined in accordance with section 85 of that Act (sharing of costs of necessary measures) and any regulations for the time being having effect under that section; and
 - (ii) the allowable costs shall be borne by the Authorities and the telecommunications operator in such proportions as may be prescribed by any such regulations:

Status: This is the original version (as it was originally enacted). This item of legislation is currently only available in its original format.

- (11) References in paragraph (10) above to section 85 of the Act of 1991 and regulations having effect thereunder are to that Act and any such regulations as having effect in accordance with section 3 (Application of the Act of 1991) of this Act.

SCHEDULE

Section 5.

MODIFICATION OF PART I OF ACT OF 1965 IN RELATION TO PURCHASE OF NEW RIGHTS

1 In the Act of 1965 (hereinafter in this Schedule referred to as “the Act”) for section 7 (which relates to compensation) there shall be substituted the following:—

“7 (1) In assessing the compensation to be paid by the Authorities under this Act regard shall be had not only to the extent, if any, to which the value of the land over which the right is purchased is depreciated by the purchase but also to the damage, if any, to be sustained by the owner of the land by reason of injurious affection of other land of the owner by the exercise of the right.

(2) The modifications subject to which subsection (1) of section 44 of the Land Compensation Act 1973 is to have effect, as applied by subsection (2) of that section to compensation for injurious affection under this section, are that for the words “land is acquired or taken” there shall be substituted the words “a right over land is purchased” and for the words “acquired or taken from him” there shall be substituted the words “over which the right is exercisable”.”

2 For section 8 of the Act (which relates to cases in which a vendor cannot be required to sell part only of a building or garden) there shall be substituted the following:—

“8 (1) Where in consequence of the service on a person in pursuance of section 5 of this Act of a notice to treat in respect of a right over land consisting of a house, building or manufactory or of a park or garden belonging to a house (hereinafter in this subsection referred to as “the relevant land”)—

(a) a question of disputed compensation in respect of the purchase of the right would apart from this section fall to be determined by the Lands Tribunal (hereinafter in this section referred to as “the Tribunal”); and

(b) before the Tribunal has determined that question the person satisfies the Tribunal that he has an interest which he is able and willing to sell in the whole of the relevant land and—

(i) where that land consists of a house, building or manufactory, that the right cannot be purchased without material detriment to that land; or

(ii) where that land consists of such a park or garden, that the right cannot be purchased without seriously affecting the amenity or convenience of the house to which that land belongs;

the Tamar Bridge Act 1998 shall, in relation to that person, cease to authorise the purchase of the right and be deemed to authorise the purchase of that person’s interest in the whole of the relevant land including, where the land consists of such a park or garden, the house to which it belongs and the notice shall be deemed to have been served in respect of that interest on such date as the Tribunal directs.

(2) Any question as to the extent of the land in which the Tamar Bridge Act 1998 is deemed to authorise the purchase of an interest by virtue of the preceding subsection shall be determined by the Tribunal.

(3) Where, in consequence of a determination of the Tribunal that it is satisfied as mentioned in subsection (1) of this section, the Tamar Bridge Act 1998 is

Status: This is the original version (as it was originally enacted). This item of legislation is currently only available in its original format.

deemed by virtue of that subsection to authorise the purchase of an interest in land, the Authorities may, at any time within the period of six weeks beginning with the date of the determination, withdraw the notice to treat in consequence of which the determination was made; but nothing in this subsection prejudices any other power of the Authorities to withdraw the notice.

- (4) The modifications subject to which subsection (1) of section 58 of the Land Compensation Act 1973 is to have effect, as applied by subsection (2) of that section to the duty of the Tribunal in determining whether it is satisfied as mentioned in subsection (1) of this section, are that at the beginning of paragraphs (a) and (b) there shall be inserted the words “a right over”, for the word “severance” there shall be substituted the words “right on the whole of the house, building or manufactory or of the house and the park or garden” and for the words “part proposed” and “part is” there shall be substituted respectively the words “right proposed” and “right is”.”

- 3 The following provisions of the Act which state the effect of a deed poll executed in various circumstances where there is no conveyance by persons with interests in the land, namely:—

section 9(4) (failure of owners to convey);
 paragraph 10(3) of Schedule 1 (owners under incapacity);
 paragraph 2(3) of Schedule 2 (absent and untraced owners); and
 paragraphs 2(3) and 7(2) of Schedule 4 (common land);

shall be so modified as to secure that, as against persons with interests in the land which are expressed to be overridden by the deed, the right which is to be purchased compulsorily is vested absolutely in the Authorities.

- 4 Section 11 of the Act (powers of entry) shall be so modified as to secure that, as from the date on which the Authorities have served notice to treat in respect of any right, they have power, exercisable in the like circumstances and subject to the like conditions, to enter for the purpose of exercising that right (which shall be deemed for this purpose to have been created on the date of service of the notice); and sections 12 (penalty for unauthorised entry) and 13 (entry on sheriff’s warrant in the event of obstruction) of the Act shall be modified correspondingly.

- 5 Section 20 of the Act (compensation for short term tenants) shall apply with the modifications necessary to secure that persons with such interests as are mentioned in that section are compensated in a manner corresponding to that in which they would be compensated on a compulsory acquisition of the interests but taking into account only the extent (if any) of such interference with such interests as is actually caused, or likely to be caused, by the exercise of the right in question.

- 6 Section 22 of the Act (protection of acquiring authority’s possession of land where by inadvertence an interest in the land has not been purchased) shall be so modified as to enable the Authorities in circumstances corresponding to those referred to in that section, to continue to be entitled to exercise the right in question, subject to compliance with that section as respects compensation.
